

BANK MISR — FOR STAFF ONLY

IT Systems Maintenance Notice

Issued by: Information Technology Division | For Internal Distribution

Planned System Downtime — Core Banking System

The core banking system (Temenos T24) will be unavailable for scheduled maintenance on Friday, 17 January 2025 from 23:00 to 03:00 Saturday. During this window, branch teller systems, ATM back-office reconciliation, and the internal payment gateway will be offline.

Actions Required from Branch Staff:

- Complete all pending transactions before 22:45 on Friday.
- Switch to manual fallback procedures for any emergency after-hours transactions.
- Log all manual transactions in the paper register for next-day system entry.

Customer-facing ATM services and internet banking will remain operational throughout the maintenance window.

Questions: contact IT Helpdesk on ext. 5500 or helpdesk@banque-misr.com (internal)
