Suspicious Activity Description

The customer deposited EGP 480,000 in cash across 6 transactions over 4 business days (9–14 January 2025), each below the EGP 50,000 reporting threshold. The transactions appear structured to avoid mandatory reporting. The stated source of funds ('consulting income') is inconsistent with the volume and pattern of deposits. No invoices or supporting documentation were provided despite requests.

Risk Assessment: HIGH — Suspected structuring / money laundering

Action Taken: Account placed on enhanced monitoring. STR filed with the Egyptian Money Laundering Combating Unit (EMLCU). Customer not alerted.
